The School Board recommends the following appropriations for the ensuing year:

Common Schools,	\$1,300.00
High School,	600.00
Repair of School buildings,	500.00
Text books,	350.00
Insurance, apparatus and appliances,	75.00
Janitor Service and fuel for high school,	125.00
High school conveyance,	400.00

In accordance with the laws of the state, I am submitting my annual report of schools to the citizens of the town of St. George. It affords me pleasure to be able to state to you that on the whole our school work has been crowned with success. In only one instance has there been any trouble in our teaching force and that by a teacher from out of the state. From my personal experience, I have come to the conclusion that the teaching material we have in our own town compares favorably with that imported from other towns; or in other words, the teachers of our town have given as good, and in some instances better satisfaction than those employed from other towns. It has been my purpose to have the subjects taught in our schools conducted along practical lines and the pupils made to understand that the lessons they were learning would some day be useful to them in conducting the everyday affairs of life. It was always my idea as a school teacher that all subjects taught in our schools should be taught in a practical way and with years of experience and a careful study of the needs of our schools, I am led to believe more than ever, that in order to make the most advancement in our schools we must adopt this method.

Then the question arises, where shall we look for teachers to teach along these lines? I shall have to admit that there are only a few that can do this, as the teachers themselves are not practical. In visiting a school it can readily be seen whether the teacher in conducting a recitation is confined wholly to her book, or whether that teacher is drawing from her own fund of knowledge.

The teacher that is constantly appealing to the pupil to use reason in all the subjects taught, will always be a success as an instructor.

Our High school has been and is now under the able and efficient management of Mr. Clarence A. Storer. We claim that since the school has been under his guiding hand, there has been a marked improvement both in the maintenance of order, and the interest taken in the school by the pupils. Our graduation exercises passed off very smoothly, and the graduates did exceptionally well in rendering the class parts. We have been very fortunate to secure the services of Miss Harriet R. Williams, of Union, Me., for another year, whose labors have both been appreciated by the pupils and citizens. You will notice that the repair fund has been overdrawn this year which could not be avoided. It takes nearly one hundred dollars of this fund every year to clean the school rooms and the out-buildings. This year it became necessary to make extended repairs on the school house in No. 10. We had to expend nearly two hundred dollars on this building. Then the school building in No. 11 had to be resingled, at a cost of sixty three dollars and ninety nine cents. The schoolhouse in Glenmere needs a new floor, and a coat of paint. Also the schoolhouse in Willardham needs to be painted, and I think shingled. The Text-Book fund was overdrawn this year which could not be helped, as the High school had to have about one hundred dollars worth of books.

Respectfully submitted,

W. L. ALLEN,

Superintendent of Schools,

Town Warrant

STATE OF MAINE

Knox, ss.

To John S. Smalley, a constable of the town of St. George, in said County: Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of St. George, qualified by law to vote in town affairs, to assemble at G. W. In submitting this my annual report to the citizens of my town, it brings to my mind the question, what is the most important function of an education? Well it would seem to me that the most important thing in an education is to help young people to find themselves. Mere knowledge stored away without definite purpose may tickle the intellect and pride; but can never kindle enthusiasm. The district school is really the most important institution in the community, as the teacher is, or ought to be, among the most essential personages. To her (and I use the feminine because our teachers are largely women) is committed

the care of our children during the period when they are most easily molded, and when her influence and precept, are much more potent than those of the parents. To so guide the childish mind that it shall be bent in the direction of its greatest gift, and strongest intuition, is most important. And yet how many persons know or even care who is shaping the lives and habits of their children in the township schools? In far too many instances it is only when Johnny, or Mary, comes home from school with a story of punishment, that the parental interest is sufficiently aroused, to pay a visit to the schools to ascertain what manner of person she is that dares correct and discipline their darlings. And yet the teachers in the country schools all over the land, are shaping the destiny of our great republic. It is interesting to note that in the state examination of teachers, questions are found in nature study. It was our pleasure last summer in the Grange hall at Martinsville, to listen to a very interesting lecture on the subject of birds, their habits and customs.

It is a singular fact that country people are often less interested in nature than those whose lives are spent in the cities.

HIGH SCHOOL

Our High school, for the past year has been under the able management of Mr. Clarence A. Storer, with Miss Harriett R. Williams, as Assistant for the spring term. In the fall we engaged Miss Sarah L. Snow as assistant for the school year 1914. Miss Snow is a graduate of Colby college. She is doing excellent work in the school, and has the cooperation of her pupils which counts much in school work.

REPAIRS

Our repair bills are large this year owing to our finding the school building at Martinsville in a very bad condition. And again in opening the school at Clark Island, it necessitated another unusual outlay. The school house at Willardham needs to be painted, and the one in No. 12 also. The school building at Glenmere, needs a new floor. The High school building at Tenants Harbor needs shingling and painting.

W. L. ALLEN,
Superintendent of Schools.

APPENDIX

As an appendix to my report, I wish to add the report of our High school from State Superintendent of Schools Payson Smith.

November 29, 1913.

Supt. W. L. Allen,
Tenants Harbor, Me.

My dear Sir:

I have read carefully the inspectory report of the High school at St. George. I am much pleased to note that a decided improvement in interest and general grade of work is reported. The increased attendance and regularity is an indication that pupils are finding school work of greater interest and value to them. I believe if you are able to continue the same attention in matters of class room work and the general awakening of community interest in the school that the progress will be equally favorable.

I am interested to note the attention on which the principal has given to the care of his laboratory and the improvements that your committee have been able to make in this respect. These changes without question add to the efficiency of the work that is being done.

I feel that it is desirable for the school to have at its command a more adequate reference library consisting of such material as will be of use in class room work. One of the state traveling libraries might meet the temporary needs. I feel, however, that an effort should be made to provide for regular additions to this department of the school. The growing interest on the part of the pupils, an improvement in school work fully warrants the expenditures which you are making both for salaries and equipment. I trust that the support of the school may be increasingly generous on the part of the town..

PAYSON SMITH.

Town Warrant

STATE OF MAINE

Knox, ss.

To John S. Smalley, a constable of St. George in said county,

Greeting:

High School,	750.00
Repair of school buildings,	300.00
Text books,	200.00
Insurance apparatus and appliances,	150.00
Janitor service and fuel for High school,	125.00
High school conveyance,	375.00

In accordance with the Laws of the State, I am submitting my Annual Report of the schools of St. George, for the Municipal year ending February, 1915.

With very few exceptions the teachers of our schools have given very good satisfaction. In one or two instances our attention has been called to the matter of discipline. A great deal of this trouble begins in the home, where there is little or no care taken to see that the children are made to obey father and mother.

If this manner of training is neglected in the home, and children are accustomed to treat their parents with disrespect, how can you expect them to have respect for their teachers under whose care they are placed so much of their time during their school life?

There seems to be a disposition on the part of a few of our citizens who have children in our public schools, to take exceptions to the rights of a teacher relative to the administering of proper punishment to the disobedient pupil. Teachers are allowed a wide discretion in governing schools. This does not mean that the law gives them a license to abuse them, but it does give them the same right to inflict punishment that the parent has.

However, on the whole we are of the opinion that the teacher has the co-operation of the parents of the children, and will see that the teachers are upheld in such methods of discipline as will warrant the

teaching of a successful term of school, and the administering of such modes of punishment as would be allowed in the home.

HIGH SCHOOL

Our High school has for the past year, been under the able and efficient management of Mr. Clarence A. Storer, as Principal, and Miss Sarah L. Snow, as Assistant. Mr. Storer has been with us several years, and has succeeded in raising the standard of this school until it ranks favorably with other secondary schools in the state.

By his dignity and decorum, he has done a great deal to elevate and influence the pupils of our High school to higher and nobler ideals.

Miss Sarah L. Snow, a graduate of Colby college, has proven herself to be a most valuable assistant, and has given most excellent satisfaction, not only in methods of teaching, but by giving also her hearty co-operation and support to the principal; thus giving us a very strong teaching force. "In union there is strength."

We hope to see their faces in our schools for many years to come.

REPAIRS

Under the head of repairs, I wish to say that the High school building at Tenants Harbor, has been shingled and painted the past year; also the schoolhouse at Glenmere, and the one at Willardham have each received two coats of paint. The schoolhouse at Glenmere has had a new floor laid.

RECOMMENDATIONS

I would recommend that the schoolhouses in No. 2 and 12 each be painted and the underpinning looked after in both places. I would also recommend that the schoolhouse in No. 9 be furnished with modern seats to take the place of the old wooden benches now in the building. This the only school building now in town that has not been equipped with modern seats.

WILLIAM L. ALLEN,
Superintendent of Schools.

Report of Highway Commission

To the citizens of the town of St. George:

You will remember at our last annual town meeting, it was voted to have the selectmen appoint a committee of three, and this committee so appointed should appoint one other member making four in all, who should act in conjunction with the selectmen in all road matters. This committee was formed and organized, with W. L. Allen as Chairman and Walter D. Hall as secretary.

As soon as convenient, this Commission, as we will now call it, met and took up the matter of road maintenance, or repairs of Highways as we generally understood it. The first matter for consideration was drainage; after considerable discussion, it was voted to buy metal culverts to be used instead of the old fashioned plank bridge. We voted to buy 400 feet of culvert at a cost of \$276.00. The next step we took was to make an examination of all our highways. This we did by going over the ground very carefully, and making notes of the places most needing attention. One place in particular that needed repairs was the bridge at Harrington Cove near the William Bend place. This wooden structure was replaced by a stone bridge.

Another bridge at or near the home of Thomas Dennison was relaid and such other repairs in other parts of the town as necessity demanded. Considerable work was done on the "Dunn Hill" so called, and the hill adjoining or near by. The road machine was used on nearly all of the roads outside of the Main road, and the reason for this was the building of State Aid Road over this section of our highway. We found upon examination of our sidewalk in Tenants Harbor, and after several people had been severely injured that it would be necessary to have something done. It was found that there was absolutely nothing to repair, so we thought it best to purchase new material and build a new walk. This called for quite an expenditure but it had to be done or else discontinue the sidewalk. I will now give you a summary of expenditures for roads and bridges.

Whole amount available for roads and bridges, \$1,577.00

Expended for new sidewalk, (approximately)	\$300.00
Expended for labor and material,	1,687.94
<hr/>	
Total expenditure,	\$1,987.94
Overdrawn,	410.94
From which we deduct for metal culverts in stock,	200.00
<hr/>	
Actual overdrawn,	\$210.94

STATE AID ROAD

Commencing at the corner of the road near the home of Llewellyn Smalley, this road was built in a northerly direction to the road leading to Clark Island, a distance of nine thousand, two hundred feet, or nearly two miles. This road was built according to specifications, and under the direction of Mr. Hardison, the man in charge of State Aid Roads. Commencing at a point in front of the home of Fred H. Smalley, a rock foundation was laid the entire way to the foot of the hill in a northerly direction, then the hill was blasted down, so that the grade has been considerably lowered. Then a rock foundation was laid as far as the top of the next hill (Watts Hill) so called; thence a graveled surface to the low land near home of the late Archelaus Smalley; then a rock foundation to the foot of the next hill; then a rock foundation to the foot of the hill near the former home of James Riley; then from the top of the hill to the place once filled in with stone wall by the late Alexander Kalloch; then a graveled surface to a place opposite the David Watts house; then a stone foundation to the top of the hill; then a graveled surface to the middle of the hill, and then a stone foundation several rods; from the foot of this hill to the top of the Gilchrest Hill was a very heavy fill, especially the Gilchrest Hill, which in some places was nearly three feet deep. The rest of the distance was a graveled surface with the exception of a few places which had a stone fill.

This with the putting in of six metal culverts and the rebuilding of two stone culverts, would seem to be a detailed report of the State Aid Road in this section. The material used for surfacing this road was taken from the gravel pit of W. J. Caddy and A. M. Smalley. Whether this gravel is first quality or not I do not know; time will tell.

CLARK ISLAND ROAD

This is also a State Aid Road, and was built this season. The material used in its construction was procured from the shore and seemed

to work all right, but as this was an experiment we shall have to wait for developments. The distance built was approximately six hundred and fifty feet, at a cost of \$300.00 or about fifty cents per foot.

Article 7 To see what commission the town will vote to pay the collector for collecting taxes for the ensuing year.

Article 8 To see what action, if any, the town will take in regard to uncollected poll taxes previous to a certain date.

Article 9 To see what action, if any, the town will take relative to uniting with the town of South Thomaston for the purpose of a union town farm.

Article 10 To see if the town will vote to accept the road as laid out by the selectmen leading from the main highway to the cottages of

Mary A. Hart and Lawrence Horton in Elmore, and if accepted, to see what sum of money shall be raised for land damage and construction of said road.

Article 11 To see what sum of money the town will vote to raise for repairs of roads, bridges, sidewalks and cutting bushes.

Article 12 To see what sum of money the town will vote to raise to clear roads of snow.

Article 13 To see if the town will vote "yes " or "no" on the question of appropriating and raising money necessary to entitle the town to state aid, as provided in section 20 of chapter 130 of the Public Laws of 1913.

Article 14 To see if the town will appropriate and raise the sum of \$533.00 for the improvement of the section of state aid road as outlined in the report of the state highway commission, in addition to the amount regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of section 19 of chapter 130 of the Public Laws of 1913.

Article 15 To see whether the town will vote to raise money, and what sum, for the maintenance of state aid highways during the ensuing year, within the limits of the town, under the provisions of sections 9 and 18, of chapter 130, of the Public Laws of 1913.

Article 16 To see what action, if any, the town will take relative to a certain lot of stone taken from the Gilchrest estate at St. George, for highway purposes in 1908, and what sum, if any, will be raised to pay for same.

Article 17 To see what sum of money the town will vote to raise for miscellaneous bills and officers' salaries.

Article 18 To see what sum of money the town will vote to raise for the support of the poor and how said money shall be expended.

Article 19 To see what sum of money the town will vote to raise for the support of common schools.

Article 20 To see what sum of money the town will vote to raise for the repair of school buildings.

Article 21 To see what sum of money the town will vote to raise for free text books.

Respectfully submitted,

H. F. KALLOCH.

Examined the above and compared the same with the Treasurer's books, also counted all coupons paid by him from town bonds and find the same, to the best of my knowledge and belief, correct,

FRANKLIN TRUSSELL,

Auditor of Accounts.

St. George, Feb. 15, 1916.

The School Board recommend the following appropriations for the ensuing year:

Common Schools,	\$1,775.00
High school,	800.00
Repair of school buildings,	150.00
Text books,	300.00
Insurance apparatus and appliances,	150.00
Janitor service and fuel, for High school,	150.00
High school conveyance,	375.00

In submitting this my Annual Report of the schools of St. George, for the Municipal year ending February 1916, it gives me pleasure to state that our schools are in a prosperous condition, and our citizens are fully aware of the great needs of an education in the everyday walks of life.

School its fundamental purpose:—It must be understood by all concerned that the school is not created for the benefit of the teacher, to insure him an easy position and a comfortable salary; nor for the school board, to afford them an opportunity for authority; nor for the superintendent, valuable though his visits and advice may be. The school is primarily, secondarily and finally for the children. For them

it was brought into existence, for them alone has been provided all the paraphernalia, of educational government from the United States, represented by the Department of Education, down to the common school represented by the school board and the teacher. All school officials from the highest to the lowest are the servants of the school. Everything belonging or pertaining to the public schools is holy, consecrated, set apart for the most divine purpose in the world, that of educating and training the children. Their minds must be developed their morals established, their health cared for, their manners improved. In fact everything should be done to train the minds of the children in the right direction, so that in after life these principles may become a part of their being.

The Teacher's Function:—This principle does not neglect the teacher. His time, his energy and thought, belong to the pupil, and for their sake must be conserved. It is of vital importance to the school that the teacher be strong, cheerful and efficient. If he overtax his strength, or neglect to prepare his work, the school will suffer. This obligation does not impose any cruelty upon the teacher, neither is his sacrifice in vain.

Parental Duties:— It is the duty of parents to send their children to school; to provide them with such equipment as will facilitate their progress, to uphold the teacher in everything that is right, and thus secure the cooperation of both teacher and parent.

High School:—Our High School is once more back to a normal condition under the efficient management of Mr. Clarence A. Storer, who kindly consented to assume its control once more.

His former labors in our school need not be commented on, as everyone knows in this town with what success his efforts were crowned, and coming back to us at this particular time has reinstated the school, and it is now in a flourishing condition.

Miss Sarah L. Snow, the assistant in our High school has done most excellent work, and I cannot refrain from giving her the credit that rightfully belongs to her.

When Mr. Elmer D. Colcord, our principal for the Fall term, was taken sick and was forced to go home before the term was finished, she pluckily told me she could assume the entire control, and she did it. She is small in avoirdupois but she is large in spirit. She came to us a stranger, but she has through her personality so interwoven her-

self into the hearts and minds of her pupils, that her efforts in both school and community have been crowned with success.

New School Building:—The new school building at Long Cove, has been completed and equipped, and school is now in session.

Also the school building at Willardham, has been supplied with new seats.

Repairs:—Under the head of repairs, I would mention that the school building at Wiley Corner needs shingling.

The underpinning of the school building at Smallburg, needs to be relaid, and the ground in front of the building graded.

Respectfully,

W. L. ALLEN,
Superintendent of Schools.

Town Warrant

STATE OF MAINE

Knox, ss.

To John S. Smalley, a constable of St. George, in said county,
Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of St. George qualified by law to vote in town affairs, to assemble in G. W. Rawley's hall in said town on Monday, the 13th day of March, A. D. 1916, at nine o'clock in the forenoon, to act on the following articles, to wit:

Article 1 To elect a Moderator to preside at said meeting.

Article 2 To elect a Town Clerk for the ensuing year.

Article 3. To see if the town will vote to accept the reports of the Selectmen, Treasurer, Town Clerk, Superintendent of Schools and Road Commissioner.

Article 4 To elect a Board of Selectmen, Assessors, and Overseers of the Poor, one member on the School Committee, Auditor, Tax Collector, and other necessary officers for the ensuing year.

Article 5. To elect one or more fire wards, fix their compensation and raise a sum of money for the same.

Article 6 To see if the town will elect a Road Commissioner under Chap. 66, Sect. 13, Public Laws of 1913.

Article 7 To see what commission the town will vote to pay the Collector for collecting the taxes for the ensuing year.

Article 8 To see what action, if any, the town will take in regard to uncollected poll taxes previous to a certain date.

Article 9 To see if the town will vote to accept the road as laid out by the Selectmen of 1914 leading from the main highway to the cottages of Miss Augusta Hart and Lawrence Harton in Elmore, and, if accepted, to see what sum of money shall be raised for land damage and construction of said road.

Article 10 To see what sum of money the town will vote to raise for repairs of roads, bridges, sidewalks, and cutting bushes.

Article 11 To see what sum of money the town will vote to raise to clear roads of snow.

Article 12 To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to state aid as provided in Sect. 20 of Chap. 130 of the Public Laws of 1913.

Article 13 To see if the town will appropriate and raise the sum of \$533.00 for the improvement of the section of state aid road as outlined in the report of the State Highway Commission in addition to the amount regularly raised for care of ways, highways, and bridges.

Article 14 To see if the town will vote to raise money, and what sum, for the maintenance of state aid highways during the ensuing year, within the limits of the town, under the provisions of Sections 9 and 18, of Chapter 130, of the Public Laws of 1913.

Article 15 To see if the town will appropriate the sum of \$250.00 for the purpose of continuing the permanent road at Clark's Island, from the place to which it was completed in 1915 to the schoolhouse on said road.

Article 16 To see if the town will vote to expend the sum of \$250.00 for repairs on said road from said schoolhouse to the turn in said road.

Article 17 To see what sum of money the town will vote to raise for miscellaneous bills and officers' salaries.

Article 18 To see what sum of money the town will vote to raise for the support of poor and how said money shall be expended.

Article 19 To see what sum of money the town will vote to raise for the support of common schools.

Article 20 To see what sum of money the town will vote to raise for the repair of school buildings.

Article 21 To see what sum of money the town will vote to raise for free text books.

Article 22 To see what sum of money the town will vote to raise for support of free high school.

Article 23 To see what sum of money the town will vote to raise for school insurance, apparatus, and appliances.

Article 24 To see what sum of money the town will vote to raise for janitor's services and fuel for the high school.

Article 25 To see what sum of money, if any, the town will vote to raise for high school conveyance and how said money shall be expended.

Article 26 To see what action will be taken to provide quarters for the town's fire engine and raise a sum of money, if found necessary, to comply with same.

Article 27 To see if the town will vote to fix a time when taxes shall be due and payable.

Article 28 To see what discount the town will vote to allow no taxes paid on or before a certain time.

Article 29 To see if the town will vote to have an appropriation committee, and how said committee shall be selected.

Article 30 To see if the town will vote to raise \$10.00 to pay Mrs. Rebecca Hall for the privilege of carting gravel across her premises.

Article 31 To see what sum of money, if any, the town will vote to pay W. J. Caddy for land damage caused by a change in the road on Gilchrist Hill, so-called.

Article 32 To see if the town will vote to raise \$100.00 for the Knox Memorial Building.

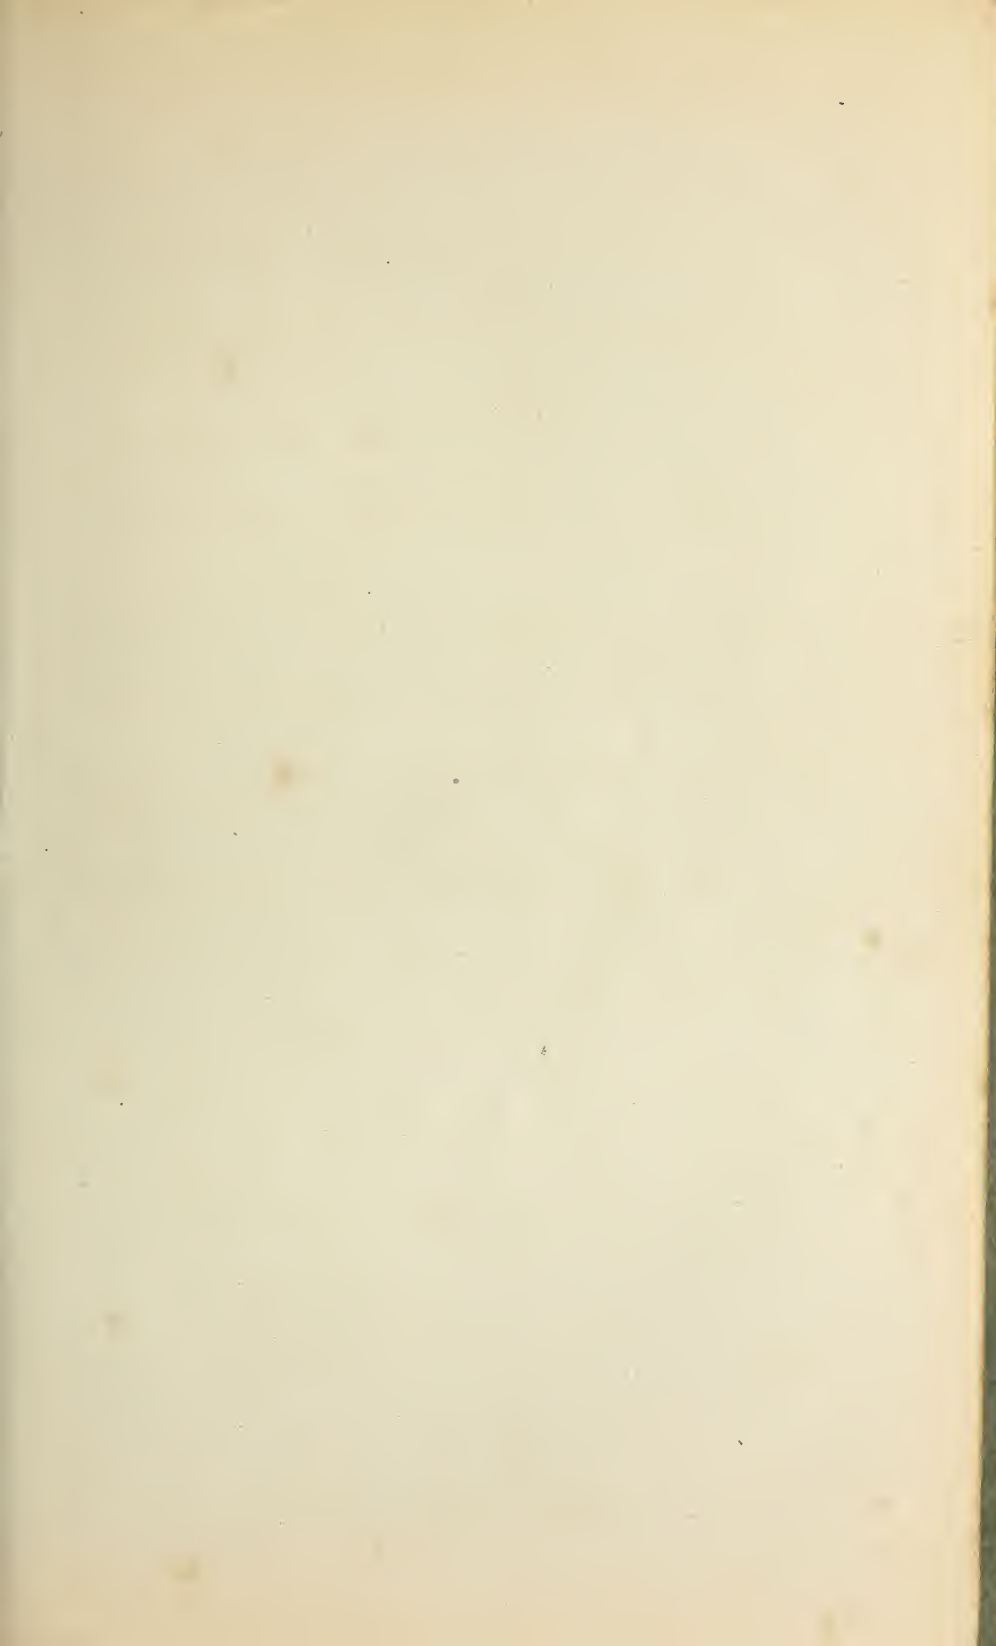

Article 33 To see what action the town will take regarding discharging the Road Commission.

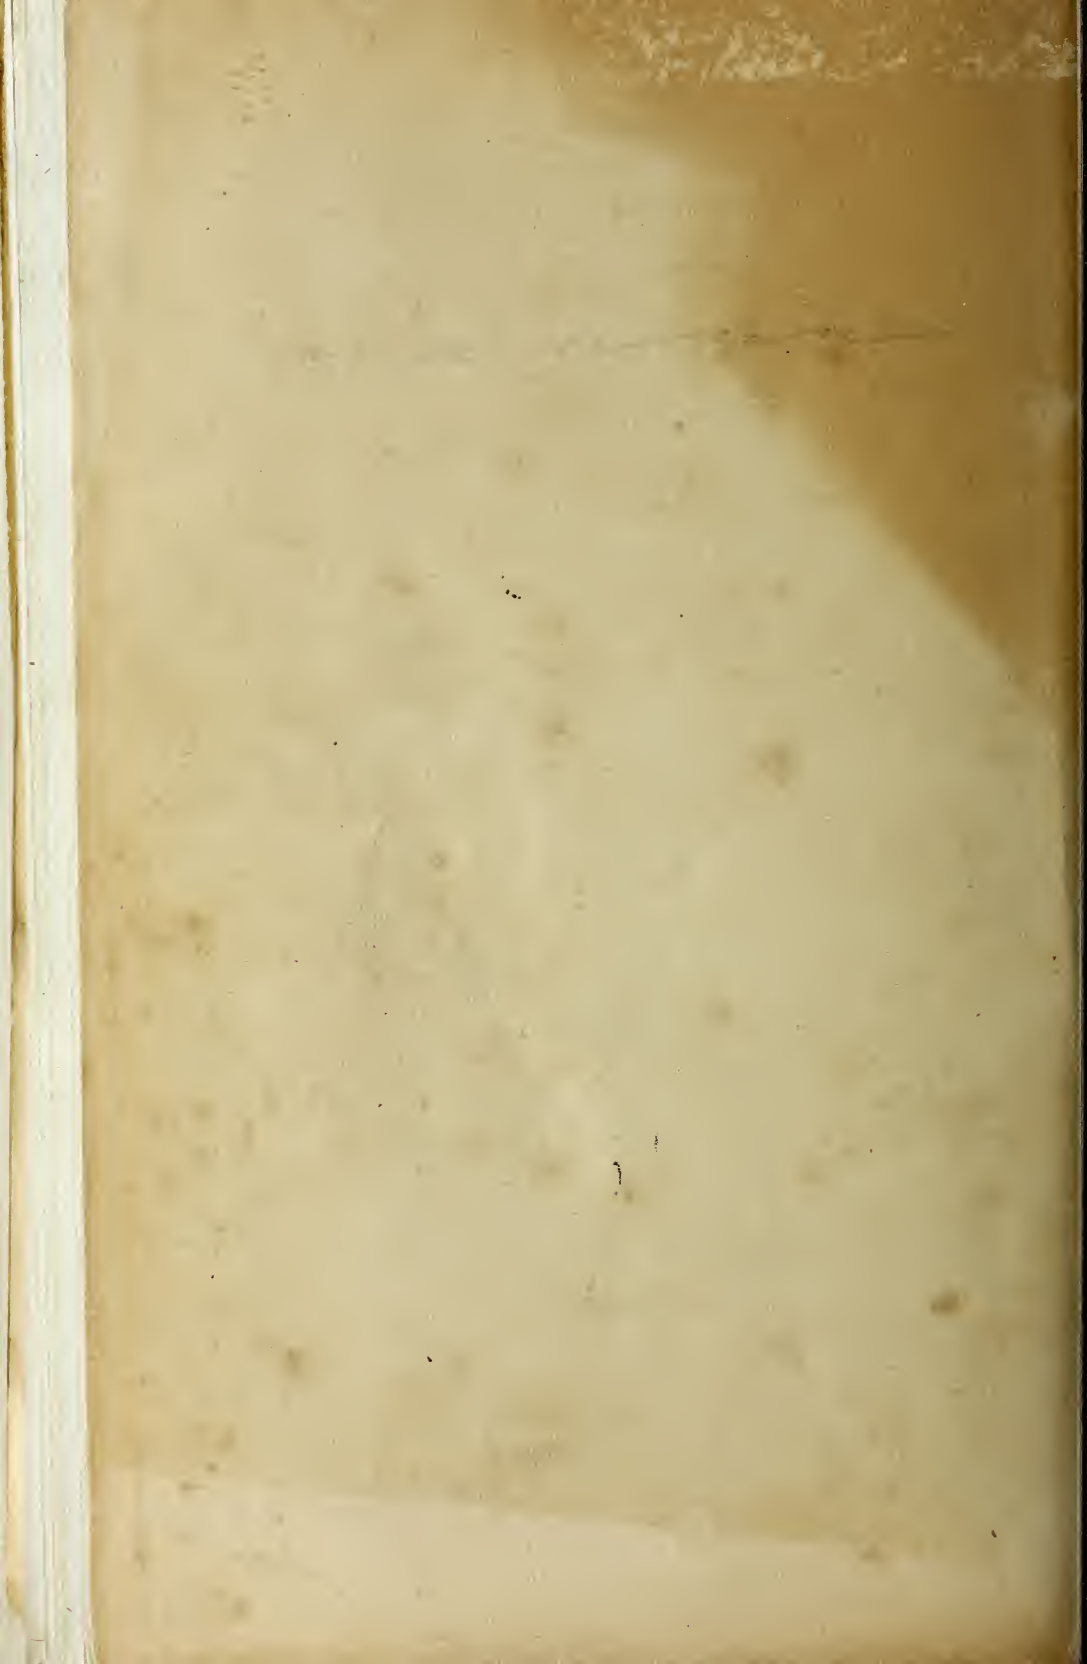

Article 34 To transact any other business that may legally come before said meeting.

The Selectmen will be in session on Saturday, March 11th, 1916.
Given under our hands this tenth day of February, 1916.

The School Board recommend the following appropriations for the ensuing year:

Common schools,	\$1,775 00
High school,	800 00
Repair of school buildings,	700 00
Text books,	500 00
Insurance, apparatus and appliances,	200 00
Janitor service and fuel, for high school,	125 00

In submitting my Annual Report of the schools of St. George, I wish to state that general repairs were made on the school building at Wiley Corner; also the underpinning was relaid under the school building at Smallburg. The school building in number 12 should have its underpinning relaid, and the work would have been done but the appropriation for repairs was overdrawn. Our other school buildings are in fairly good repair.

Respectfully,

WM. L. ALLEN,
Superintendent of Schools.

Town Warrant

STATE OF MAINE

Knox, ss.

To ———, a constable of St. George in said county,

Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of St. George qualified by law to vote in town affairs, to assemble in G. W. Rawley's hall in said town on Monday, the 12th day of March, A. D., 1917, at nine o'clock in the forenoon, to act on the following articles, to wit:

Article 1 To elect a Moderator to preside at said meeting.

Article 2 To elect a Town Clerk for the ensuing year.

Article 3 To see if the town will vote to accept the reports of the Selectmen, Treasurer, Town Clerk, Superintendent of Schools and Road Commissioners.

Article 4 To elect a Board of Selectmen, Assessors, and Overseers of the Poor, Treasurer, one member of the School Committee, Auditor, Tax Collector, and other necessary town officers for the ensuing year.

Article 5 To elect one or more fire wards, fix their compensation and raise a sum of money for the same.

Article 6 To see what commission the town will vote to the Collector for collecting the taxes for the ensuing year.

Article 7 To see what sum of money the town will vote to raise for repairs of roads, bridges, sidewalks, and cutting bushes.

Article 8 To see what sum of money the town will vote to raise to clear the roads of snow.

Article 9 To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Sec. 20, Chap. 130, of the Public Laws of 1913.

Article 10 To see if the town will appropriate and raise the sum of \$533.00 for the improvement of the section of State aid as outlined in the report of the State Highway Commission in addition to the amount regularly raised for care of ways, highways and bridges.

Article 11 To see if the town will vote to raise money, and what sum, for the maintenance of State aid highways during the ensuing year, within the limits of the town, under the provisions of Sections 9 and 18, of Chap. 130, of the Public Laws of 1913.

Article 12 To see what sum of money the town will vote to raise for miscellaneous bills and officers' salaries.

Article 13 To see what sum of money the town will vote to raise for the support of poor and how said money shall be expended.

Article 14 To see what sum of money the town will vote to raise for the support of common schools.

Article 15 To see what sum of money the town will vote to raise for the repair of school buildings.

I have examined the above and found the same to the best of my knowledge and belief correct.

ALFRED C. HOCKING, Auditor.

To the Citizens of the Town of St. George:—

Gentlemen: At the close of this our Municipal year we feel it our duty to offer a few remarks.

Through some misunderstanding A. M. Smalley, a member of the local Board of Health presented bills for payment to the amount of \$245. The previous officers stated they had no agreement of the fee that Mr. Smalley charged, and these bills were contracted before this year's officers were organized, therefore we refused to pay except on the same basis as previous bills were paid.

Mr. Smalley saw fit to put these bills or claim in attorneys hands for collection, after so doing Mr. Smalley did other services to the amount of \$27.50 after the other bills had been questioned and charged the same fee, and also placed this in attorneys hands for collection. The whole amounting to \$272.50 as per itemized account elsewhere in this report.

In due time Mr. Smalley's attorney brought suit against the town for \$500. The case has not been called so it gives the citizens of our town a chance to know the true conditions of facts concerning this case.

Patrol Maintenance.

Our main line from South Thomaston South Line to Port Clyde was accepted in 1917 as a State Highway, therefore the maintenace appropriation asked for is based on State Highway Laws.

This year the mileage of our town was tabulated and found to be 42 and 2-3 miles.

The town has a very hard and expensive case in the Wiley family at Vinalhaven. Without doubt a most pitiful case especially these times.

There were 14 in the family, one child died in January. Except one child the children are all under 16 years of age, and the past year they have all been fitted out with clothing, etc., and drawing also an allowance of \$8 per week, and if it wasn't for the charity of the Vinalhaven citizens the case would be still harder for our town.

The town's Alms House outbuildings is in a very deplorable condition, the roof of building used for the pigs is gone. The wood shed is in such a condition that wood is kept better out doors, and the work shop the sills are practically all gone. There was a few logs on the place and we ordered them cut and sawed into lumber for repairs. Therefore an appropriation is actually needed for this department.

The sidewalks in Tenants Harbor was in such condition that fearing accidents might occur and our town become liable, quite a lot of work has been done, and still they need repairs.

Due respect should be shown our Tax Collector, Mr. G. N. Bachelder for the large collection this year, over \$19,000. The commitment this year as far as we known being the largest in the history of our town. It also shows the spirit of the citizens what can be done in the payment of taxes for town expenses.

Roads under the management of the present Commissioners has been very satisfactory, and our roads without question will compare with any of our surrounding towns.

We also wish to say a few words in behalf of the efficient management of our Poor Farm. Particular tidiness of the house, and kind treatment to the unfortunate ones at the institution, speaks well for the persons who have care of this department.

Thanking the citizens for the cordial support in conducting town business we are

Respectfully submitted,

WILLIAM T. HOCKING,
FRED H. SMALLEY,
FRED S. SEAVEY,

Municipal Officers of the Town of St. George.

The School Board recommend the following appropriation for the ensuing year.

Common school,	\$2,500 00
High school,	900 00
Repair school buildings,	500 00
Text books,	500 00
Insurance apparatus and appliances,	100 00
Janitor service and fuel for High school	150 00

In the annual report on the Schools of St. George, I would call the attention of the citizens of the Town to the fact that the number of pupils enrolled in our High and Common schools is rapidly diminishing.

If we wish to continue with our High school each one must take a more active interest in the matter and try in every way to encourage the scholars graduating from the elementary schools to take up the High school work, otherwise the time is not far distant when it will be necessary to close the High school.

In our Common school department I would call the attention of the citizens to the fact that our money received from the State for maintenance of common schools which is based upon the per capita of pupils under 21 years of age, caused this year a deficit of \$344.57 less than last year thereby causing an overdraft in that department of practically that amount.

I would also suggest that parents take a personal interest in our schools and have pupils attend school more regularly for the benefit of all.

I would state that repairs have been made at Wileys Corner school, Clark district, Wheelers Bay, Port Clyde and minor matters attended to in other districts.

We have combined the two schools at Clarks Island which is proving a beneficial change thus far.

The high cost of fuel with the scarcity of teachers and the increase in salary demanded by them is tending to carry the cost of maintaining our schools to a higher mark than has been the case in former years.

The school building in the various districts will need some repairing during the coming year.

Respectfully

CHARLES D. NORTH,

.Superintendent

Town Warrant

STATE OF MAINE

Knox, ss.

To———, a constable of St. George in said county.

Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of St. George qualified by law to vote in Town affairs, to assemble in G. W. Rawley's hall in said Town on Monday, the eleventh (11th) day of March, A. D., 1918, at nine (9) o'clock in the forenoon, to act on the following articles, to wit:

Article 1 To elect a Moderator to preside at said meeting.

Article 2 To elect a Town Clerk for the ensuing year.

Article 3 To see if the Town will vote to accept the reports of the Selectmen, Treasurer, Town Clerk, Superintendant of Schools, and Road Commissioners.

Article 4 To elect a Board of Selectmen, Assessors, and Overseers of the Poor, Treasurer, one member of the School Committee, Auditor, Tax Collector, and other necessary Town Officers for the ensuing year.

Article 5 To elect one (1) or more fire wards, fix their compensation and raise a sum of money for the same.

Article 6 To see what commission the Town will vote to the Collector for collecting the taxes for the ensuing year.

Article 7 To see what sum of money the Town will vote to raise for repairs of roads, bridges, sidewalks, and cutting bushes.

The Appropriation Committee recommend \$2,000.

Article 8 To see what sum of money the town will vote to raise to clear the roads of snow.

The Appropriation Committee recommend \$600.

Article 9 To see if the town will vote yes or no on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Sec. 20, Chap. 130, of Public Laws of 1913.

Article 10 To see if the town will appropriate and raise the sum of \$533.00 for the improvement of the section of State aid as outlined in the report of the State Highway Commission in addition to the amount regularly raised for care of ways, highways and bridges.

The Appropriation Committee recommend \$533.00.

Article 11 To see if the town will vote to raise money, and what sum, for the maintenance of State highways during the ensuing year, within the limits of the town, under the provisions of Sections 9 and 18 of Chap. 130, of the Public Laws of 1913.

The Appropriation Committee recommend \$666.00.

Article 12 To see what sum of money the town will vote to raise for miscellaneous bills and officers salaries.

The Appropriating Committee recommend \$3,000.

Article 13 To see what sum of money the town will vote to raise for the support of poor and how said money shall be expended.

The Appropriation Committee recommend \$1,000.
